## PRESIDENT'S MESSAGE

WELCOME! I hope this newsletter finds you drying out your cottages and heading to the water! As you look around the lake you'll see the results of our members' hard work and talents. In May there was a massive 3rd beach cleanup. I'd like to thank Brian Bagnati and all of the members who worked so hard that hot, humid day. The water is leaf free and the beach is in tip top shape.

Let's all thank Tom Kress, who volunteered his time and talents in constructing the new docks and kayak rack. What a great addition to the 3rd beach beautification.

While on the subject, how about those great boat racks at 2nd beach? Thanks so much to John Jacoby, Dave Edgington and crew for volunteering to make those. It sure improves the "helter-skelter" look there. Plans are in place to add on to those racks and build some for 1st beach. All of these projects show how much we can accomplish when we all pitch in (and save \$\$ too).

MARK YOUR CALENDARS - The June meeting is tomorrow at 10am. All members are invited to attend. Learn more about the activities planned and how you can help out your association! I will be asking for a volunteer from 2nd and 3rd district to join our 1st beach volunteer to form a nominating committee. There's not a lot to do on that committee but it is an important one. Please think about helping out.

July 4th is next weekend. There are too many accidents from fireworks each year. Please use extreme caution to have a safe 4th.

NUMBER YOUR PROPERTY - I can't believe how many properties are unidentifiable. Remember that it's for your safety to have your place clearly numbered. What if there was a 911 emergency?????

RECYCLING - This is so important! Please adhere to our trash hauler's regulations or we could end up paying double for our waste removal. (See Trash & Recycling, page 7.)

See you tomorrow - Cindy

**Plant and Book Sale:** The Lake Hayward Gardeners will be selling hanging baskets and used books before, during and after the June Meeting. Please feel free to drop off books that you no longer need. Profit from this event will be used on beautification projects around the lake.

## PROMOTIONAL ITEMS

A new shipment of tee-shirts, tank tops, visor caps and bumper stickers has arrived. We will make every effort to have someone at 1st beach during meetings and social affairs to show off and sell these items. In addition, we have a very limited number of beach towels. Beach bags and youth-size tee-shirts left over from last year will be available at super sale prices. Make sure you get your tee-shirts and tank tops early while we have a full selection of colors and sizes available. If you want a "private showing", please contact Alice Miles at 537-3611.

Welcome back to the beautiful Lake Hayward. Our 2009 Social Calendar looks great. Let's start the season on Friday July 3<sup>rd</sup> at our ice cream social and newcomer's night at 7pm.

On Saturday July 4<sup>th</sup> we are having our world famous Pig Roast and Live Band. The pork dinner is \$10.00 or for those of you who don't enjoy pork, a ¼ lb Angus beef burger or hot dog dinner is \$5.00. This year we will be able to serve 150 pork dinners. With dinner we will be serving coleslaw, potato salad, macaroni salad, baked beans, apple sauce, corn bread, watermelon and iced tea. Dinner will be served at 5pm and tickets will go on sale at 4pm. Bring your own favorite beverage to enjoy with dinner, at the dance, and while watching the "show".

The band Hard Wood will be playing for us again this year from 7pm to 11pm.

- Dave

P.S. Our annual gathering at 2<sup>nd</sup> beach, at dusk, will be held at 1<sup>st</sup> beach this year.

## SWIM & TENNIS LESSONS

## NEWS & ANNOUNCEMENTS

### UPDATE ON SHUGRUE PROPERTY

As most of you are aware, the Town of East Haddam Land Trust has proposed the purchase of the Shugrue Farm, a 273.8 acre parcel which overlooks Lake Hayward. This farm is part of the Eight Mile Watershed and is one of the town's few remaining operating farms. In 2003, voters overwhelmingly authorized a \$5 million dollar bond to buy land for the open space program and they now want to tap into that money by asking residents to approve this and three additional purchases totaling just over 408 acres at a cost of \$1.68 million. All the properties are next to or near existing open space, are part of wildlife corridors and green belts, and will help protect forests and have opportunities for active and passive recreation.

Your board of governors encourages you to support this purchase by voting YES at a town referendum to be held on June 29<sup>th</sup>—THIS MONDAY. Your vote in favor of the purchase could prevent the subdivision of these properties into as many as 80 developed lots. You do not need to be a registered voter in East Haddam to vote in the referendum—you must be a property owner of property exceeding \$1,000.00 in value and have a valid driver's license as proof of ID. Voting will be held from noon to 8pm at the Town Meeting Hall, 492 Town Street, East Haddam.

### NATIONAL LAKES CONFERENCE

The 22<sup>nd</sup> annual National Lakes Conference was recently held in Chicago. America's top lake managers were previewing the EPA's national lake assessment, a mixed bag of good and bad news. Scientists armed with field data demonstrated that water quality and wildlife diversity depends on maintaining a natural shoreline—those where native aquatic plants are left free to grow, where boulders and logs are left to render the habitat more complex, and where the riparian edge was buffered by overhanging trees and herbacious growth. The keynote speaker, a landscape architect, was discouraged by owners who prefer perfect lawns running right to shorelines hardened by edges of cement, steel and lumber. Waterfront owners are encouraged to think about the future of our lake which is so much more important than that perfectly landscaped yard.

## PARKING AND SECURITY

First I'd like to start by saying that I might not have anything to do this year if the weather doesn't improve. No one has parked in any of the lots and there hasn't been any speeding cars or golf carts.

I'd like to review the parking policies for Lake Hayward:

- You must have a permanent parking sticker on your vehicle if you are a property owner and plan to park in any of the lots.
- Each property owner will be issued two visitor passes. Just remember you are responsible for these visitors.
- If you need a pass please stop by and see me.
- Members of the Teen Club will be checking the parking lots and beaches this summer. Please be courteous.
- There will be no loitering or parking allowed after 11:00 pm unless there is an approved function.

It has been brought to my attention that the State of Connecticut requires a permit to have swim lines placed in designated areas, and that the lines have to meet special criteria. I have done some research and it looks like the most efficient and cost-effective method is maybe to place four-foot buoys at the end of each swim area. If anyone has any thoughts, please feel free to email me. (susankumro@sbcglobal.net)

In the very near future the local officers and resident state trooper will be hired to patrol parking areas and conduct speed enforcement. If you have a hot spot that you would like them to target, please let me know.

## MEMORIAL FUND

We had a very difficult fall and winter season this year with the loss of some of our most treasured members. Donald James, Eunice McNeil, John Turick and Rick Laflamme all passed away and will be sadly missed by all our members. Our sympathy and prayers are with their families and a sincere thank you is extended to those families who remembered our Memorial Fund with contributions in their loved one's memory.

**MEMORIAL FUND -CONTINUED-**

Additional donations in memory of Regi Kress were received from:

Barbara & Rich Carmen, Lake Shore Dr.  
Cindy & Don Biancamano, Lake Shore Dr.

In a complete change from what we had planned, it was decided to use the contributions received in Regi's memory to replace the deck on the raft at 3rd beach. Her brother Tom, volunteered his time. Our original thought of planting flowers along the fence was accomplished by the garden club, who donated their time and the flowers to make the fence look beautiful. Our thanks for a job very well done!!! We will be placing a memorial plaque on the raft in the near future and again, thanks Tom for doing this.

An additional donation was received in memory of Zena & Mac McNeil from Joan and Jerry Soboleski, Lake Shore Dr.

We have a big dream we hope will come true for a memorial in Rick's memory. As everyone knows, Rick loved to fish here on the lake but had extreme difficulty getting in and out of a boat due to his disability. We are attempting to raise enough money to purchase a boat ramp/dock for the 2nd beach area which would make it easier for our disabled and our seniors to enjoy fishing and boating. We have catalogs and I have requested help from Rick's friends and fellow fisherman in selecting the right equipment.

Needless to say, this is an expensive undertaking and we need to continue raising funds if it is to happen. Knowing how we all loved Rick, I know that you would want to be a part of his memorial and ask that you send your donation to the POALH Memorial Fund. P.O. Box 230, Colchester, CT 06415 Thank you all.

## TRASH & RECYCLING

A reminder that twice-a-week pick-up will begin on Monday, July 6th and continue through Tuesday, September 6th. (Monday being a holiday). Please follow your recycling schedule for your household trash and recyclables on Fridays and put out the balance of your sorted recyclables along with your weekend trash on Mondays.

One of the stipulations in our contract with All-Waste is that no containers shall exceed thirty five (35) gallons. This rule MUST be followed. All-Waste trucks do not have lifting arms to hoist up larger containers and neither Ed nor Chris can be expected to lift and dump anything larger than 35 gallons. Please remember that per our contract, they are perfectly within their rights to leave your trash behind if your containers exceed the limit.

## IMPORTANT NOTICE

If you think that we should be paying an additional \$24,000 for trash collection, then there is no need for you to read the following:

After many hours of meetings, the Transfer Station Committee presented their report to the Board of Selectmen. Many issues were covered in this report that affect us as taxpayers. One item affects a small group of residents, which we are part of, who pay a Commercial Hauler to pick up, transport and dump the trash into the hopper at the Transfer Station.

This is where the problem lies: how the trash is dumped into the hopper and what is mixed in with the trash. How the material is dumped has been addressed in the report; removing what is mixed in with the trash is up to us. We must recycle, not only at our residential units, but at the beach areas.

- 1.) Metal and glass, food and beverage containers
- 2.) #1 and #2 plastic beverage containers
- 3.) newspaper
- 4.) cardboard

See the Garbage and Recycling Schedule on [www.lakehaywardct.com](http://www.lakehaywardct.com) for a more detailed list.

Note: East Haddam is nearly unique in accepting materials picked up by Commercial Haulers. If Commercial Haulers are permitted to continue using the Transfer Station, at the very least they must assume the burden of assuring that recycling and safety guidelines are met. Town Ordinance grants exclusive authority to Selectmen to order a Commercial Hauler or resident to halt dumping at the Transfer Station.

- Ray Brignano
