## **SOCIAL -CONTINUED-**

Thank you to Lee Griffin and his crew for running last week's Ice Cream Social on Friday. Look for another ice cream event later in this season – date to be announced in the newsletter.

### **VOLUNTEERS NEEDED!**

Volunteers are needed to help on a number of upcoming events already scheduled and to discuss interest in an end-of-summer **Talent/Jam night**.

- We need a crew for just a few short hours in the morning on July 23rd for our **Tag & Craft Sale** to set up and break down tables. We also need a short order cook for breakfast sales that morning.

We are already getting a lot of interest from lake community in this event. Seven tables have been reserved and it sounds like the items for sale are unique and worth shopping for! No registration fee is required but we are selling breakfast items to support our social budget. The event starts at 9am.

- If you are unavailable to help out on July 23rd, how about August 13th? Volunteers are needed to help organize and judge the **Chowder Cookoff** that day! Please contact Gail at 203-988-0559 or email [gailwarning27@aol.com](mailto:gailwarning27@aol.com). Both preliminaries and final judging will take place on August 13th. Make any kind of chowder that suits your fancy. Categories include Rhode Island, Manhattan, New England and other chowders – how about corn chowder or fish chowder? Contestants should plan on making two pots of chowder – one for judging and one to share with your community supporters that evening. Please contact Gail for more details.

Thanks in advance to everyone for helping to keep our beach, tennis, parking areas clean. Parents, please discuss our clean up requests with your tweens, teens, and adult children and guests. See you this weekend!

## **ARTS & CRAFTS**

Tuesday, August 12th we will be making locker/refrigerator magnets at 7:00pm at the pavilion. If you would like to personalize your magnet, bring a small picture of yourself or your BFF that can be cut to fit inside a three-quarter inch bottlecap.

## **WILDLIFE SAFETY**

Every year I put in an article about snakes, and this year is no different. There are two common snakes around the lake: Garter Snakes and Water Snakes (not to be confused with Water Moccasins which aren't found in CT)... neither snake is dangerous. The Water Snake is often mistaken for a Copperhead (which along with the Timber Rattlesnake is native to CT, but only on high elevated rocky terrain such as mountains) and is often killed because of it. Please, if you find a snake, just leave it alone. Also, there has been an abundance of baby toads in numbers that I haven't seen since I was little. They are about the size of a fingernail and are also harmless. So are the local Green, Bull, and Tree Frogs. Finally, I come to my biggest concern: turtles. While "King Tut" is a monstrous beast to be feared by all, other Snapping Turtles are not. Don't bother them or other turtles and be especially careful while driving (for fear of turtles crossing). Lastly, don't ever bring home any local wildlife as pets. Remember that they are part of a large ecosystem that needs protecting. - Jacob Cohen
