Message from the President: Budget vote upcoming

You will see that we are focusing on the financials and important appropriation vote to take up during our August annual meeting.

We have gone to great lengths to provide a comprehensive year-end summary and report of our 2013-14 year and narrative in proposing our 2015-16 budget to help you understand what is needed to operate our association.

To help you navigate the numbers and determine how we have done it, Lee Griffin and Ed Bader have highlighted some important information. I hope you can see that we are better planned, have executed well and continue to implement policies and best practices that will sustain themselves long after this board is gone.

While we might still face some challenges, we have seen great strides in our tax collection strategies and timely receipts and derived additional income through interest assessed, liens placed and settled through real estate transactions.

Through the efforts of the Lake Quality Improvement Committee and residents on the east side of the lake, we have raised more than \$1,100 to date in contributions toward our lake quality Programs and will make

POALH Annual Meeting is Aug. 17 at 10 a.m. Issues on the agenda include:

- 2015-16 budget
- Second Beach suction dredge pilot program

this an annual fundraiser, along with our continued efforts to get matching funds from the town during the budget period. We are in a strong cash position, committed to a conservative taxing policy with improved planning for capital reserves. Part of that planning is certainly related to our association properties, but we have to also address our overall lake quality and do what we can to protect our property values and recreational enjoyment of the lake.

As you know, the Lake Quality Improvement Committee has been tasked to consider a number of items in its scope of responsibilities. We can see that their role in the expanded weed treatment has resulted in a successful eradication of the invasive weeds in the targeted areas. During the offseason, the group also reviewed and studied suction dredging solutions and considered four vendors to recommend one for both our proposed pilot project at the Second Beach boat

launch (**See Page 2**) and one to work with private waterfront owners to clear muck and debris (at homeowners expense).

Suction dredging could be a potential long-term muck solution to all three beaches so this pilot will help us better plan for the future.

While in the past, we have “saved for future lake weed treatment,” we have learned that it is important to look at a number of solutions that address a variety of lake quality concerns – concerns that impact each and everyone of us and requires us to protect our investment and manage the overall quality of our lake.

So, in addition to weed mitigation and proper septic maintenance, we are taking up the need for muck removal that impacts the use of our association water front. Much like weed treatment, clearing our beach and boat areas include projects both short and long term. The lake quality improvement committee and the board is seeking a special appropriation of funds to move forward with a pilot project to dredge a 20-foot channel from the Second Beach boat launch to the lake. This vote will take place at the annual meeting. Important points to keep in mind:

Pot luck before band Latitude replaces cancelled Men's Night

Due to low response to the RSVP, Men's Night has been re-organized into a "Southern Beach Pot Luck" on Thursday, Aug. 14 for families who are at the lake during the week. Dinner will commence at 7 pm instead of 6, to give folks a chance to get home from work and unwind a bit. Menu will still include pulled pork barbecue and other traditional southern foods.

In lieu of a purchasing a ticket for dinner, please bring your favorite "beach food" to share. BYOB, as usual! This is a wonderful prelude to the band Latitude from Pawleys Island SC, who will share their wonderful songbook of "trop-rock" starting at 8 p.m. Don't let this opportunity pass you by.

Latitude Comes to Lake Hayward

Come to the pavilion on Thursday by 8

Latitude comes to Lake Hayward on Thursday night.

p.m. to enjoy the music of duo Latitude, Michelle and Tom Becker 5-time winners of the Tropical Rock Music Association's National Duo of the Year. Michelle (keyboard and vocals) has appeared with many music legends including The Coasters, The Drifters, The Platters, Brenda Lee, Loretta Lynn, Louise Mandrell, Lee Greenwood, Jim Ed Brown, Larry Gatlin and comedian Bill Cosby.

Tom started his career with the New Christy Minstrels, along with John Denver and Kenny Rogers. He has opened for artists including Jerry Jeff Walker, Gregg

Allman, Willie Nelson, Ray Charles and Jerry Lee Lewis. Singing together since 1996 as Latitude, they have opened for American Idols Reuben Studdard and Ace Young, Alternative Rockers Third Eye Blind, Country Band Exile, and Rock & Roll Legends Frankie "Sea Cruise" Ford and Clarence "Frogman" Henry. They have a large and energetic following along the beaches of SC and FL. In addition to Buffet-style Trop-Rock, their 500+ songbook includes 6 decades of country, folk, dance and soft rock music as well as original songs written by both Tom and Michelle.

We are fortunate that they are stopping at Lake Hayward to sing for us on their Summer 2014 New England Tour! Don't miss the fun, especially if you like to dance! Check out their music at <http://www.tomandmichellemusic.com>

Enter your permit discharge for a chance to win \$200 prize on Aug. 17

In addition to the \$200 cash prize, Chatham Health District will refund the \$30 Permit to Discharge fee to the lucky winner. Someone will be very lucky.

*limit one permit per address. Sponsored by the LQIC (Lake Quality Improvement Committee).

Lake improvement committee proposes 2nd Beach launch dredging

One of the many goals of a lake association is to maintain the lake's recreational qualities.

This helps protect and support property values throughout the lake neighborhood, ensures current residents have a lake with good amenities and makes the lake more attractive to prospective buyers. A healthy lake with good beaches and an accessible boat launch is valued by many. If the lake is weedy or you can't launch a boat, we lose

lake usability and buyers may quickly look at other lakes.

The clearance for boats at the Second Beach boat launch has become markedly more shallow over the last several years. The storms Irene and Sandy contributed to this problem. This area now requires remediation. At the annual meeting on Aug. 17, we will consider the question of suction dredging the Association's boat launch at Second Beach. LQIC (after an awful lot of

research) and the Board propose to restore the boat launch path to its original lake bottom depth by suction dredging out several feet of muck and sand.

All work will be done after the lake season has ended, hopefully this fall. This project will go a long way to improving lake accessibility to our members. And importantly, removing any amount of muck and weeds reduces a source of phosphorus that promotes algal blooms.

Social and rec: Junior chef workshop change; karaoke tonight at pavilion

There will be one combined Session (all ages) at 10 a.m. this morning. Mary Jo is returning this year as our instructor. A small fee of \$5 per student will be charged. Class will be held at the pavilion. Adult Chef is cancelled.

Happy Hour tonight

7 p.m. at the Pavilion at First Beach: Bring your "favorite" appetizer and your choice of beverage. Our guest chef will be judging for the best appetizer.

Karaoke tonight

8 p.m. at the Pavilion at First Beach – After Happy Hour stay for a fun-filled evening of Karaoke....singing, dancing....medals awarded to the three top singers!

Swim Olympics

Sunday at 1 p.m. at First Beach. We will have a variety of races for kids ages 3-14. This is a favorite annual event for the kids and parents too. Ribbons will be awarded to winner of each event. Stay for cupcakes

after the event. Facilitator Crowe will be joining us this year as our host! Event is open to ALL kids on Lake Hayward.

Dance Aerobics Classes

Classes will be held Monday mornings at 9. at the First Beach Pavilion.

Yoga with Karla

First Beach Pavilion classes start at 9:00. Please bring a mat if you have one and/or a towel. Drop-in rate of \$5 applies. All levels.

From Page 1: Pilot project for Second Beach suction dredging planned

- This is an experiment to explore how well it works

- Cost estimates including set up, dredging, disposal and a 10 percent contingency, will be no more than \$38,000. A lot of money, but an affordable start to determine long term interest in this process and saving our boat launch access.

- We have the funds to support this project (See financial commentaries for further details)

- Pictures and updates will be documented so we can review the process and pilot success and keep you informed in the off eason.

-The service complies with regulations mandated by all relevant agencies.

-The vendor is approved by DEEP and has a history of success in our area

-Information about the process is posted on our website.

If you have questions prior to the annual meeting, please feel free to contact me or a member of the board for further discussion.

Treasurer's year-end report for the 2013-2014 POALH budget year

The Association had an outstanding year from a fiscal standpoint. Revenues exceeded Expenses by \$44,085. The principal reasons are as follows:

1. The receipt of a Grant from the Town of East Haddam for \$7,474 to assist the Association in its efforts to improve the quality of Lake Hayward.
2. Collection of \$8,440 more in taxes, interest and lien fees than budgeted due the aggressive collection policies of attaching liens on delinquent properties where taxes are one year past due and the sale of several properties delinquent on their taxes
3. Interest income decreased because of substantially lower interest rates on invested cash (\$857).
4. Actual Association Expenses were less than budgeted as a result of:
 - No Capital Expenditures (\$2,000) since all were included in Pavilion cost of construction

- Events and Recreation (merged) into one caption were under Budget by \$7,742 because of the destruction of the Pavilion and its reconstruction.
- Insurance costs increase with the completion of the Pavilion (\$4,886).
- Real Estate Taxes underspent by \$5,477. Town assessment less than expected on new Pavilion
- Waste Management cost was less than budget by \$6,953
- Lake Quality Improvement (the renamed "Weed Control") and the merged lake Water quality Expenses were less than budget by \$5,538 because were charge less for our spot treatment and we tested the quality of the Lake water using Association volunteers.
- All other Budget captions were under or over spent by \$1,000 or less (netting to a total of \$6,006 underspent

Highlights:

- **Collection of \$8,440 more in taxes, interest and lien fees than budgeted**
- **Actual Association Expenses were less than budgeted**
- **Waste Management cost was less than budget by \$6,953**

Report of the budget committee for the proposed 2015-16 budget

The Budget Committee submitted the 2015-16 Budget to the Board of Governors (See Page 7). They reviewed the Budget and recommended that it be submitted to the Association members for their approval. The Committees, officers and others responsible for individual budget line items have done a good job of documenting the cost of services and projects they are responsible for. Here are the highlights of the proposed 2015-16 Budget:

- The mil rate will remain the same as last year at .004 mils.
- The current year tax revenues are projected to be \$161,500 which represents a projected 96 percent collection rate. Collections of delinquent taxes are forecasted to be \$2,000 and interest on delinquent taxes is forecasted to be \$1,575. The Board has instructed the Tax Collector to enforce the policy of charging interest on all tax payments not made within the 30 grace period.
- Stipends for paid positions were increased 5% to recognize the significant time and effort of the individuals who hold these positions. The Board agreed with the Budget Committee's recommendation to include 5% additional increases in the 2016-17 and 2017-18 budgets subject to the membership's approval in those Budget year presentations.
- Insurance expenses are projected to increase approximately 5%.
- The Properties Committee has an aggressive list of services and projects they plan to deliver to the membership utilizing a combination of volun-

teers and paid service providers. The Committee understands the necessity of accomplishing a wide variety of projects on their 3 year maintenance plan using both volunteers and paid service providers.

- The Public Safety Committee Budget has been increased significantly (to \$15,000) as a result of many concerns voiced by members. These costs will include more police patrols at events and throughout Association properties not only in the summer months but also throughout the year. In addition, the parking sticker format will change to hanging tags.
- The Lake Quality Improvement Committee (the old "Weed Committee") has recommended a continuation of the spot treatment program with more aggressive treatment in areas that have significant weed growth. Included in this Budget is the cost of the Lake Water Testing program which is now being performed by volunteers.
- The Waste Management budget was increased to \$41,000 over the actual expense during 2013-14 to recognize that we have not had a rate increase in several years.
- Property taxes on the Pavilion and other Association properties are estimated to be \$3,500 based on the assessments received from the Town.
- The Events and Recreation Budgets have been merged into a single line item. The Committee's net budget is a net expense of \$8,500. Many activities produce modest revenues to offset the cost of the events or service provided. The Committee's

ability to have many events is directly related to its ability to secure volunteers to manage and run those events. A supplementary record of the revenues and expenses of each activity will be maintained by the Treasurer.

- The other expense categories have remained consistent or increased modestly.

The other portion of the 2015-16 Budget is the allocation of the Association's cash basis reserve accounts. Last year Association members approved the following Reserves: LQIC \$50,000; \$5,000 for a Promotional Items revolving Account; and an Operating Contingency Fund for 2014-15 of \$10,000. The Pavilion Construction project is complete so the remaining unexpended funds of \$6862 are returned to the unallocated reserves. The Board also eliminated the Memorial Fund Reserve Account of \$525 and returned this amount to the Unallocated Reserves. The Treasurer will maintain a record of Memorial contributions but not require a separate reserve account because of its immateriality.

This year the Budget Committee and the Board are recommending the following: increasing the LQIC reserve by \$15,000 to \$65,000; setting up an operating contingency fund for the 2015-16 of \$10,000; establishing a capital maintenance reserve for 2015-16 of \$10,000 to fund several Properties Construction projects if there is not enough funds in the 2015-16 Operating Budget; and the continuation of the Promotional Items Revolving Account Reserve of \$5,000. In summary, members are asked to approve the following reserve account allocation:

- Lake Quality Improvements: \$65,000
- Operating Budget Contingency for 2014-15: \$10,000
- Operating Budget Contingency for 2015-16: \$15,000
- Promotional Items Revolving Account: \$5,000
- Capital Maintenance Reserve for 2015-16: \$10,000
- Unallocated Reserves (Contingency): \$43,989
- Total Cash: \$148,989

In addition to approving the 2015-16 Operating Budget and the allocation of reserves as stated above, the Board is also presenting a special project for the dredging of the Second Beach Lagoon channel for a cost of \$38,000. The funds for this project can come from the 2013-14 Operating Budget excess of revenues over expenses (\$44,085.90). Last year the members approved a recommendation to use any excess of revenues over expenses starting in budget year 2013-14 to reduce taxes in 2016-17. However, the Board recommends that if the Association approves the Second Beach Pilot Dredging project the funds come from the 2013-14 excess of revenue over expenses, i.e., the Unallocated Reserve Account.

The remaining balance of the 2013-14 excess (\$6,086) would be used to reduce revenue requirements in 2015-16.

News and notes: Boat parade takes place on Sunday; prizes will be awarded

The Boat Parade is only two weeks away. Pick a theme and decorate your kayak, rowboat, pontoon boat or sailboat, then come to First Beach Sunday at 4 p.m. to show us how creative you are.

Boats will parade from First Beach to Third Beach then back to Second Beach, where prizes will be awarded in both youth (under 14) and adult categories. For information, contact contact Gary Petersen at

860-324-9029 or Neil Murphy at 860-463-0026. This event was a favorite for many years, revived two years ago, is and growing in popularity. After the boat parade, join us for a barbeque at Second Beach at approximately 5 p.m.

Bring an appetizer, salad, side or dessert to share and a chair. Congratulate the winners and enjoy the company of your Lake friends.

Newsletter Submissions: Deadline is on Tuesday at noon. Email miketrocchi@yahoo.com

Newsletter Delivery: Please note that our carriers do not get paid. They give up their Saturday mornings to get the newsletters out to you. Please remember them with a tip. Visit www.lakehaywardct.com for newsletters, by-laws, contact numbers and calendar.
